Our cookie statement describes what cookies are and how Otoconsults cookies are used on <http://otoconsult.com/>. This cookie statement was last modified on: 25/07/2019

1 WHAT ARE COOKIES?

Cookies are small text files, which are stored on your computer when you visit a website. This allows this website to remember your actions and preferences for a certain period of time. Cookies never function independently and are always linked to a website. Cookies do not provide any access to data that is on your computer or phone. There are several types of cookies that each have their own function. Below are the different types of cookies listed.

Strictly necessary cookies	These are necessary to enable the surfing and the associated functions. If you refuse these cookies, various functions within the website will be completely or partially disrupted.
Functional cookies	These increase the usability of the website by reminding you of your choices (e.g. language preference).
Performance/Analytical Cookies	These cookies collect information about the use of a website to improve performance such as the number of visitors, the visit time and any error messages.
Advertisement Cookies	Advertisement cookies can be used to deliver targeted advertisements or to limit the number of times you see an advertisement.
Third party cookies	These cookies are managed by a collaborating organization. Only those third parties have access to those cookies and the information collected by the cookie.

2 MANAGE COOKIES

Most browsers automatically accept cookies. However, you can change your browser settings to warn you before a cookie is placed or gives you the option to refuse cookies. You can find more information about how to set up your browser by using the Help function of your browser.
